## HUGE SUMS BEING SPENT IN CAMPAIGN

Three Former Lexington Men Before Senate Committee—Harding's Big Fund

(By Associated Press)  
Washington, May 27—A total of \$113,109 was raised for the campaign of Senator Harding, republican, of Ohio, and \$107,704 was spent, the Senate Investigating Committee, inquiring into the expenditures of the Presidential candidates was told today by Harry M. Daugherty, representing Senator Harding.

This is the third largest campaign fund testified to at this hearing. Daugherty said that the largest contribution was \$13,500 from C. A. Thompson; Daugherty himself was the next largest with a contribution of \$9,500.

Some light was thrown on Wm. G. McAdoo's campaign for the Democratic nomination. Dr. Burris A. Jenkins, publisher of the Kansas City Post, testified that he had been invited by Assistant Secretary of the Treasury Jonett Shouse, to nominate McAdoo at San Francisco. Jenkins said he knew of no funds raised for McAdoo, adding that he had learned at a meeting here last night that McAdoo supporters, including Daniel Roper, Robert Wooley, Frank Wilson, former director of the Liberty Loan campaign publicity, that they had none.

Nicholas Murray Butler's campaign was also scrutinized. Judge John Davies, of New York City, said \$45,500 had been raised, and all spent for publicity. Five New York men gave \$5,000 each. Other contributions ranged down to \$500.

### Million For Wood

Washington, May 27—Lavish expenditures in behalf of Major General Leonard Wood's campaign for the Presidency, was revealed yesterday before the Senate Investigating Committee.

Col. Wm. Cooper Procter, of Cincinnati, millionaire soap manufacturer, manager-in-chief of the Wood campaign, admitted that he knew of the collection of at least \$1,000,000, half of which was advanced by himself. The Cincinnati was characterized Monday by Edmund H. Moore, of Youngstown, manager for Gov. James M. Cox, of Ohio, democrat, as the "angel" of the Wood forces in the Buckeye state.

State managers of the Wood campaign in Ohio and Michigan, following Col. Procter on the stand, confessed expenditures of at least \$200,000 in Ohio and \$54,000 in Michigan.

## PLEDGED HALF MILLION TO WOOD

(By Associated Press)  
Washington, May 27—Bulletin—Dan Hanna agreed to raise five hundred thousand dollars to finance the campaign of General Wood, the Senate campaign investigating committee was told today by John King, of Connecticut, Wood's first manager. He said that the agreement was made in New York. The meeting was between himself, Hanna and William Loeb, Roosevelt's former private secretary.

### CORN PLANTING IS GOING RAPIDLY ON

Should favorable weather continue the remainder of the week, practically all of the local crop have been planted and there will be hundreds of farmers in Madison county who have been on the anxious seat for some time, greatly at ease. This weather is recording the heaviest planting of corn in this section of the state ever recorded in Kentucky, say reports from various parts of the county. Until this week there was grave apprehension regarding the ability to get the crop of corn in the ground, but this fear has been allayed. The intensely warm periods of the day however, at times play havoc with horses and they have to be "rested", it is said, frequently. But the corn crop is going in, and going in fast, and the farmers are happy to be at the work.

There will be a regular meeting of the Richmond lodge of Elks on Friday night. Ten candidates are to be initiated.

## WILSON VETOES PEACE RESOLUTION

President Says Such Peace As Resolution Offers, Is Inconceivable

Washington, May 27—The republican peace resolution was vetoed today by President Wilson. Such a method of making peace with Germany, the President said would "place an ineffaceable stain upon the gallantry and honor of the United States."

Without announcing his intention regarding the treaty of Versailles, the President declared the treaty embodied important things which were omitted by the resolution, and said that by rejecting them, the United States declared, in effect, that it wished "to draw apart and pursue objects and interests of our own."

The President added that the peace resolution omitted mention of many important objects of vindication for which the United States entered the war.

"Such a peace with Germany," the message continued, "a peace in which none of the essential interests which we had at heart when we entered the war are safeguarded, and is or ought to be, inconceivable, is inconsistent with the dignity of the United States, with the rights and liberties of her citizens, and with the very fundamental conditions of civilization."

**\$436,000,000 For Navy**  
Washington, May 27—The House and Senate conferences today fixed next year's navy budget at \$436,000. The House bill carried \$426,000 and the Senate \$436,000. Twenty million dollars was agreed upon for navy aviation.

### Disapproves Mandate

Washington, May 27—President Wilson's proposal for an American mandate over Armenia was disapproved today by the Senate Foreign Relations Committee by a vote of 11 to 4. The committee reporting on the resolution declaring that Congress respectfully declined to grant executive power to accept the mandate.

### TEN MILLION LEFT BY FORMER VICE PRESIDENT

Washington, May 27—An estate estimated at \$10,000,000 is disposed of in the will of Levi P. Morton, former Vice President of the United States, which was filed in Federal District Court here for probate. The document was executed June 29, 1910, and dated June 30, 1911; June 4, 1911, and June 24, 1911.

## AT THE MOVIES

Ethel Clayton, star in "Young Mrs. Winthrop" at the local theatre tonight in her own words, has "ceased to exist and started to live". After months of waiting she has moved into her beautiful new home near the Lasky studios in California.

For years Miss Clayton has longed for a house of her own. With this in view, she purchased some of the rare Italian marble masterpieces at the San Diego expositions from Japan and Korea and rare oriental rugs from China during her recent tour of the Orient. The decorative and furnishing by scheme of the house was designed by Miss Clayton herself and carried out in a lavish and artistic scale.

"My friends have only one criticism of my house," said Miss Clayton recently. "Practically every painting I have shows a tree or group of trees. I suppose it is because to me there is nothing finer in nature than a big, majestic tree that has such pictures upon exhibition without making a purchase."

## PLEASANT HILL

Mrs. Starling McKinney is rapidly recovering from injuries received from a fall.

Mrs. Mylo Baxter, of Lexington, is visiting her father, A. T. McKinney.

Friends of Miss Edna Haden will be pleased to learn that she is improving in health.

Mrs. Brown Hampton is very ill at the home of her sister-in-law, Mrs. Algin Brandenburg.

**WHY** worry about prohibition? Rookwood Coffee supplies the cheer without the hang-over. D. B. McKinney & Company. 124 tf

## 'PHONE COMPANY'S EXTENSIVE WORK

Improvements In Richmond And Madison County To Cost Several Thousand

The Cumberland Telephone and Telegraph Company has a large force of men at work rebuilding and improving the lines in Madison and adjoining counties and the work will soon be in evidence in Richmond and vicinity. New wires are being strung in some places as well as new poles substituted. The great amount of work is a result of the damage wrought by the heavy snows and late spring sleet storms which visited this section of the country.

The new poles, wires are being installed without interruption to service, and this, it is said, will be greatly improved when the extensive work is completed. Thousands of dollars are being expended on the improvement of lines in this part of the state. A new force of workmen arrived Thursday and will make Richmond their headquarters. One of them stated they expected to be in and about the city for perhaps two months. It is the intention of the company to continue the improvement work and make the line and general service better than ever, since precautions in the way of heavy poles etc., will warrant against more material damage by storms.

## YOUTH VS AGE IN FIDDLERS' CONTEST

Harken ye unto this, ye old fiddlers! There's going to be an eight year old boy Friday night, right here from Richmond, who is some fiddler, and he's going to be present at the contest of Old Fiddlers at the State Normal school Friday night, and he's going to bring his fiddle and further more, do a little fiddlin' for himself, so the contest will represent youth and old age, since there will be participants ranging in age from 8 to 80 years. The youthful contender for honors from Richmond, is Master Burnett Todd, of "Moberly place". The list of prizes in money or merchandise as arranged for the contest will be as follows:

Old Fiddlers—First \$25; second \$15; third \$10; fourth \$5. Bangor: first \$10; second \$6; third \$4. Guitar: first \$8; second \$6; third \$4. Mandolin: first \$8; second \$6 third \$4.

### OLD FIDDLERS HEARD FROM

Prof. G. D. Smith reports that applications continue to come in for the old fiddlers' contest and that there will be a goodly number to contest for the big list of prizes offered. There will be a number not heard from until Friday night, when the entertainment is given, it is expected as has been the case heretofore. A big attendance is looked for.

### APPEALED DOG'S CASE AND SAVED LIFE OF PET

Omaha, Neb., May 27—Character witness testimony in behalf of a dog was taken here recently before Judge Estelle in district court. City attorneys objected to the admission of such evidence but the judge ruled: dog has as much right to it as a human.

The good character of the dog which had bitten a girl, was thereupon established to the satisfaction of the court and he annulled the death sentence which had previously been passed upon the prisoner.

"Dick" belonged to 12 year old Mary Schwartz. One day he ran along to the grocery store with her brother and while there bit Lena Chisno, a miss of 13. The police judge who first heard the case meted out the extreme penalty. He did not, however pass on the extenuating circumstances. Some youngster in the store had stepped on Dick's tail.

### PUBLISHERS COMPLAIN REGARD PAPER SUPPLY

Washington, May 27—Senator A. O. Stanley referred to the Interstate Commerce Commission numerous complaints from Kentucky constituents regarding the shortage of coal cars at the Western Kentucky mines. The majority of complaints came from newspaper publishers who said their supply of news print paper depended on coal being supplied to the paper mills.

The Omaha department stores which started a cut rate some time ago to reduce the high cost of living, have announced that the regular scale of prices will prevail beginning with next Saturday.

## Weather For Kentucky

Generally fair tonight and Friday; slightly cooler.

### THE MARKETS

Cincinnati—Cattle slow; hogs 25c higher; Chicago higher; sheep, lambs 50c lower; calves stronger.  
Louisville, May 27—Cattle 50; slow; tops \$12.50; hogs 1,800; active; unchanged; sheep 1,000; strong and unchanged.

## CECIL SIMMONS MOVES TO FLORIDA

Miami, Florida is claiming another Richmond man, in the person of Cecil Simmons, who has accepted a lucrative position there and together with Mrs. Simmons, will depart for the south early next month where they will make their future home.

Mr. Simmons, who has been identified with the Luxon garage for some time is well and favorably known here as is his most estimable wife and their Richmond friends regret their departure to make their permanent home in the south, however, extend best wishes for a prosperous future. Mr. Simmons has been given charge of a department in one of the large automobile accessory establishments in Miami. The trip south will be made in a machine, they having decided to drive thru. The departure of Mr. Simmons not only marks the departure of an excellent mechanic, but a man who went into Uncle Sam's navy, during the recent war, served his time and made an enviable record.

## WILL DEVELOP RICHMOND TALENT

It is the intention to develop the talent of a number of young men in the Richmond High school next year, and the special training will be by a well qualified artist in the musical world, if the plans of J. Howard Payne do not come amiss. It is said a number of the young men are especially adapted to "specialties," besides having a voice of promise. Some of them show unusual talent in the way of pantomime and monologue work. The effort may not develop to a professional stage, however, it is the intention to start the work in the school in on a small scale, providing the proper instructor can be procured reasonably.

## RICHMOND RED MEN ARE BUSY THESE DAYS

Wednesday night there was an interesting meeting of the members of Floating Canoe Tribe, No. 76 I. O. R. M., when the degree team donned war paint and effected the capture of John Hensley and Leslie Pigg, pale faces, and transformed them into first degree Indians, since they were initiated into the mysteries of the Adoption degree. The tribe membership is growing rapidly, initiatory work being in evidence at almost every meeting. The members of the tribe are dreaming of the day when they will be able to attend lodge in their own building where they contemplate the erection of a permanent wigwam and spend hours smoking the pipe of peace. The local degree team is said to be one of the most proficient in this section of the state.

## WOMAN BANKER TALKS ON BUSINESS

Memphis, Tenn., May 27—Tennessee woman banker, the only woman bank president in the country, while here attending the Tennessee State Bankers' convention declared she would lend to men in preference to some women but first class security was an essential.

She is Mrs. F. J. Runyon, wife of a physician, whose financial institution is located at Clarksville, in north central Tennessee. She and the cashier, the wife of the state's attorney for the county, are the only officers. All the directors are women.

"Men come to me, tell me their business and want to borrow money," she said. "Our bank is only seven months old. Its purpose is to aid young people who want to save and that was prime motive for its foundation. The idea was carried out solely by women but a man suggested it."

## THREE BALL TEAMS HAVE GOOD GAMES

Madison High Goes To Lexington And Shows Up The Junior Aggregation

On Wednesday afternoon the members of the Madison High School baseball team slipped away going to Lexington where they played with the Lexington Junior team; played is right, for they brought home the bacon by a score of 11 to 6. The game was interesting with good plays, but the Richmond lads did not have to do their best to hold the lead gained the first of the game. Vandever and Azbill hit heavy throughout the contest and Robt. Todd held down left field like a veteran.

The lineup of the local team was as follows:  
Malloy, c.; Vandever p.; Blevins 1 b.; Brock 2 b.; Howe 3 b.; Azbill s. s.; Reeves r. f.; Kunkel c. f.; Todd r. f.

The Model eighth grade and the Madison high tenth grade ball teams crossed bats Wednesday afternoon, the first team winning by a score of 13 to 11. This is the third time the Highs have tackled the Model team and they have been defeated every time. Batteries for Madison, Stone, Black and Wilson; for Model, Raines, Crutcher and Higgins. The Madisons held the board until the eighth inning, when the Model team struck their stride and started scoring, and continued until the ninth inning, when a half dozen runs brought home the honors. The Model team has also won two of three games with the Caldwell eighth grade team, making a total of five out of six games played this season.

## WOMAN'S HANDIWORK DRAWS COMPLIMENTS

The interior of the Opera House presents an alluring springtime air, since the new decorations in the way of flowers, both natural and artificial, have been placed, and other attractive decorations literally make the playhouse appear as a Garden of Eden, and the artistic handiwork has caused considerable comment. "This is a lovely and cheerful little place," commented Frank L. Sawyer of Chicago a well known theatrical man, who happened to be one of the visitors last night—"a veritable little fairyland, and to think one would run across anything like this 'way down here in Kentucky," he added.

When informed that the artistic touch which appealed to him, who is accustomed to seeing all of the brightness art can summon in the greater playhouses of the great cities, he was informed that there "was a woman at the head of it", in the person of Miss Annabelle Ward, who was not only the foremost theatrical manager in this section of the country, but transacted all her own business with the big firms, booking the best plays and all that, he was stunned.

"She'll win", was his rejoinder. Mr. Sawyer was formerly a comedian on the vaudeville circuit, and is qualified to speak.

Miss Ward has taken a cottage at Clay's Ferry, where she, together with her mother, brother and sisters will spend the recreation hours of the summer.

## FAMOUS SCOTCH MUSICIANS COMING

Commander Harry Rice, of Jesse M. Dykes Post, No. 12, American Legion, has procured a sterling musical attraction in the way of the famous Scotch Highland Regimental band, which will be in Richmond on the evening of Friday, June 11, when a concert will be given. This extraordinary musical organization is of international repute, since it's services during the recent war is well known. Some of the members have played for European royalty and are recognized as the foremost in the country. The place has as yet not been selected, but the fact that the organization will visit Richmond will reflect rare credit upon Mr. Rice, and this will be more pronounced when the quality of the musicians is realized after being heard.

## RICHMOND MAN GETS APPOINTMENT

H. C. Brewer To Join State Road Inspection Forces First Of Next Month

H. C. Brewer, Big Hill avenue merchandise merchant, has been appointed to a position on the State Road Inspection list, and will report June 1. While he will be out of the city most of the time, his business in Richmond will be continued.

Mr. Brewer's appointment was procured through State Road Supervisor William M. Boggs. The position carries a salary of \$1,200 per year. Mr. Brewer, in speaking of the change in his work, stated that one of his reasons for "getting out", was his failing health and believed that the open air work would be beneficial to him. His work will be mainly in Menefee county and he will join the forces as soon as he can arrange to leave this city. He will continue to make Richmond his home and continue with his business here. There is an extensive work ahead of the inspectors, it is said, owing to the condition of the roads and Mr. Brewer will remain at his new post indefinitely.

## "GRADERS" NAMED; WORK IS UNDER WAY

Thirteen persons to grade teachers' examination papers have been appointed by State Superintendent of Schools, George Colvin and they are assembling at Frankfort for the purpose of taking up the work which will be finished in as short time as possible, in order that the teachers receive notice of the result of the grading.

The graders are from various surrounding cities and towns and will be able, it is claimed, to complete the work in much less time than has been the custom.

Heretofore papers of applicants for teachers' certificates were examined in the counties in which they were prepared. Under the present system these papers must be submitted to the Department of Education and be graded by the appointees of the Superintendent of Public Instruction. The papers are numbered and the graders do not know whose papers are being examined. The graders will have between sixty and seventy-five thousand papers to examine and mark during the year.

## KENTUCKY LED IN BAPTIST DRIVE

Kentucky led with \$361,399, every state of the Southern Baptist Convention in the amount of money paid in for Foreign Missions at the close of the first fiscal year to the \$75,000,000 fund raised by the Baptists.

There was subscribed \$92,000,000 in the \$75,000,000 campaign. The entire work in this campaign cost only four fifths of 1 per cent of the amount subscribed. This record, was never equaled in history of any campaign or organization, in refutation of stories of the large amount of the money used in promoting the campaign.

## HEARD ABOUT TOWN

James Frank Hall, charged with having killed his brother-in-law, James Crawley, on May 17, near Clay's Ferry, and who has been in jail in Lexington has been released on \$5,000 bond.

The general merchandise store of L. L. McDonald, including the postoffice of Wallsend, a village near Pineville, was destroyed by fire. Loss \$8,000. It is believed that the place was robbed and the torch applied.

The body of Mrs. John Phipps, of Mt. Sterling, who died while on a visit with relatives at West Liberty, has been taken to the former place for burial.

In giving encouragement to the campaign of the Salvation Army for funds, Governor Jas. M. Cox made a statement referring to the "tremendous services of the organization to the soldiers in the World War."

PIANOS, player pianos, Columbia gramophones, Aeolian Vocalion records, player rolls, musical instruments, sheet music. The E. C. Christian Co. Everything pertaining to music. Moving, tuning, repairing and re-falshing pianos & specialties. 205-207 E. Main, Lexington, Ky. tu th tf

## SALVATION ARMY WORK PROCEEDING

Young People Of Richmond Who Are In Charge Are Working Zealously

Hundreds of workers all over the State of Kentucky are "going to it" with a vim to raise the money required by the Salvation Army for another year of work.

For various reasons, the Campaign which opened May 10th suffered in many sections, but now there is a disposition on the part of workers everywhere to put the campaign over and the time has been extended to June 1st to bring about this accomplishment.

The Salvation Army is carrying on a big work in Kentucky. Among the distinguishing features are the Booth Memorial Hospital at Covington, the Susan Speed Davis Friendly Home for Women in Louisville, the Industrial Home in Louisville and general welfare work in every part of the state.

It should be remembered that out of every dollar subscribed during this campaign, nearly all of it remains in Kentucky. Also that the features mentioned above are for all Kentuckians who need help. No worthy person is ever turned away from a Salvation Army Institution.

The Richmond workers have pretty well organized their forces and the task of realizing the quota is well under way. Most of the young people engaged are working zealously and a creditable report is expected in due time.

## IMPROVEMENTS AT BOONESBORO BEACH

Visitors to Boonesboro Beach in the near future, who have not visited the resort for some time, will be surprised at the transformation taking place, since there will be provided in the very near future, electric lights, a number of new cottages and other buildings and various other additions and improvements which will go far towards making the little resort more than ordinarily attractive.

Dr. D. J. Williams, who is given credit for most of the improvement work and beautifying of the place, is going ahead with the installation of his electric light plant, although hampered somewhat by the difficulty in procuring lumber. The concrete bases for the plant are being installed and the lights will be furnished as soon as the plant can be finished and placed in operation. Its capacity will be sufficient to furnish light for surrounding territory.

### MARRIAGE LICENSES

Charles B. Agee 30 and Nellie Ward 16, daughter of Mr. and Mrs. Calvin Ward, of Cottonburg married May 26 by county judge W. K. Price. Oliver Carrethers, 28 and Leah Wisemac, 18 of Berea, secured licenses Thursday to marry.

### TOBACCO MEN ORGANIZE

As the result of dissatisfaction over prevailing tobacco prices, farmers of the dark belt tobacco effected a permanent organization in the southern part of the state.

An active campaign will be waged to organize every county in the district, and have farmers pledge their tobacco crops for pooling purposes for three years. Headquarters of the organization will be located later.

### Pie Supper

A pie supper will be given at the Oakland school, Friday evening, May 28th, at 8 o'clock. All are invited.—Matt Tudor, teacher

#### Ideal Sections on Lincoln Highway

There is to be constructed on the Lincoln Highway, the great national road stretching across the country from ocean to ocean, an "ideal section" which will embody the highest ideals of modern American highway construction. This section will serve as an example to the road builders of the world seeking information as to the best and most satisfactory type of road that can be built.

The funds for building the sections will be provided by the United States Rubber Company. In announcing the company's willingness to pay for the

#### section, Vice President J. N. Gunn said

"The desire of the company in authorizing the appropriation is to advance permanent highway construction, and to stimulate on the part of those who have in charge the construction of America's public roads, a careful consideration of the needs of the future in undertaking present construction." The specification of the "Ideal Section" has not yet been decided. A questionnaire has been mailed to every highway commissioner and engineer in the United States asking for suggestions. The location of the section has not yet been selected, but conditions on the Lincoln Highway in Ohio, Ind., Ill., and Iowa indicate that one of those states will be chosen.

#### May Be Plenty Of Coal, But How About Prices?

The United States is in no danger of exhausting its coal supplies in the near future for about 7,000 years' supply is available, S. M. Darling, of the Bureau of Mines, told the twelfth annual convention of the International Railway Association at Chicago. He estimated the supply of minable coal at 3,553,637,100,000 tons. Last year's consumption, he said, was 530,000,000.

#### CONCERT AT COUNTY JAIL

There was an impromptu concert Wednesday afternoon at the county jail, when a number of prisoners were provided with instruments it was discovered that there was much musical talent in confinement. Some of the prisoners were especially adept at banjo playing and the music was enjoyed by all present.

#### DIRIGIBLE AIRSHIP SERVICE.

(By Associated Press)  
Cambridge, Mass., May 27 A dirigible airship line to engage in regular passenger service between New York and San Francisco is a project in which War Department officials would like to interest capital, with a view to having an air fleet immediately available in case of war, according to Professor Harvey N. Davis, of Harvard University.

#### CUBAN HORSEMAN

### BUYS NOTED COLT

Richmond Horse To Be Contender in Noted Derby Next Fall

Harry E. Swan, of Havana, Cuba, a well known horseman, is in the city, spending a few days with B. B. Million, owner of several thoroughbreds, and has invested in some noted horseflesh during his stay.

Mr. Swan was looking for a suitable candidate for the Cuban Derby, which is scheduled for next March. He tried hard, but in vain, to persuade Mr. Million to price his good colt Courtview, as Mr. Million intends being in that derby himself. Purse to winner \$30,000.

Mr. Swan ventured the assertion that the next best prospect in view was a black Dick Finell colt, Black Ball, also owned by Mr. Million, which he bought, and will be shipped to his southern home in July, where he will get his final touches for the great race. He also bought half interest in two fine brood mares, their colts, by Great Honor, the sire of Heron, that won the derby this year. She will be shipped to her future sunny home next fall and it is the opinion of Mr. Million that the horse will be heard from later.

Deceased agricultural production may result in this country becoming dependent on overseas food supplies, Herbert Hoover declared in a letter to Representatives Reddick.

## Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

#### TAKE

## CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . .

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

#### ECONOMY—REDUCTION

(By Associated Press)  
Washington, May 27—Economy in individual expenditures, reduction of nonessential loans by banks, increased production and improved transportation are needed to reduce the cost of living and deflate credits, Governor W. P. G. Harding, of the Federal Reserve Board declared today in responding to a senate resolution of inquiry.

#### KENTUCKIANS MAY DINE ON RODMAN'S FLAGSHIP

Former Senator Johnson N. Camden has received an invitation from Admiral Hugh Rodman, who was in Lexington last week, asking that the Kentucky delegation to the San Francisco conventions dine on the flagship New Mexico. Admiral Rodman's flagship, will be in the San Francisco harbor during the convention.

#### SQUIRREL ON A TOUR OF CITY ATTRACTS ATTENTION

A large gray squirrel was down town Wednesday evening on a shopping tour, and he seemed short of cash, for he visited the Madison National bank after having made part of the trip on Main street from the west by way of the cables and telephones poles, making the crossings with the agility characteristic to his kind. He would come down to the side walk, then ascend a telephone pole, sit in a window and then scamper away, only to appear again, much to the delight of many spectators.

An immense quantity of corn has been planted in Madison county since Saturday morning, it is said. There was a dearth of farmers in the city—all reporting that corn planting is now the chief issue, with tobacco close at hand.

Mr. George Summer, of Pittsburg, Pa., is the guest of friends here.

## WANTED--All Kinds of Junk

SOCIAL AND PERSONAL

**Piano Contest**  
The third annual piano contest of the Federation of Musical Clubs of Richmond was held last night, at Normal auditorium and was enjoyed by a large and expectant audience. The prize in the junior division went to Miss Lynn Evans. In the intermediate the first prize was awarded Miss Lucia Bennett, the second honor was given Miss Olive Terrill and the third to Miss Elmer Katherine Douglas, who was the winner in the junior division last year.  
Miss Alice Clark Kellogg led in the Senior group and will take the sum-

mer term, at the College of Music, Cincinnati. Miss Robbie James, who played after the style of an artist received honorable mention. The judges who were strangers in our community were: Miss Anna Chandler, Goff President of the Lexington College of Music, Miss Best of the piano department of Hamilton College and Miss Rose instructor of piano at Sayre Institute. Richmond cannot but be proud of her musical talent if and last night's performance should decide her claim as leader, among the towns of the state in musical ability and musical enterprise.  
The musical clubs wish to express their appreciation, to Dr. Coates and

others in charge for the use of their beautiful auditorium and chattering Grand. Especially are we indebted to the gifted musicians from Lexington to whom we confidently entrusted the selection of winners. Also to Mr. Paul Burnam, who gave such valuable assistance in the management.  
To our Federation president, Mrs. Paul Burnam and to Mrs. T. D. Chennault, chairman of contest, we tender our grateful thanks for their beautiful and untiring service and our congratulations upon the splendid success of the occasion which was also greatly augmented by the apparent interest and enthusiasm of the public.

Mr. Bob Maupin spent Wednesday in Louisville.  
Mrs. Hattie Buchanan spent Monday in Lexington.  
Miss Florence Lewis, of Winchester was here Tuesday.  
Mr. G. W. Goodloe spent Wednesday in Louisville.

Little Housekeeper Says:  
June Columbia records are great. Hear Ted Lewis with his laughing trombone and jolson sing to his Spanish sweetheart.—W. F. Higgins.

Mrs. Dick Cobb has returned to her home at Danville, after a few days' visit with her mother, Mrs. Jake White.  
Mrs. James Bengie and children visited Mrs. Hattie Hale Sunday.  
Miss Ellen Hayden spent the week-end with her parents.  
Mrs. Hattie Hale and daughter spent Tuesday afternoon with Mrs. Wm. Cole.

WILL DISCUSS

"MODERN UNREST"

D. H. McGibeny Selects Timely Topic for Chautauqua.

Well-Known Writer and Lecturer Has Wide Knowledge of Present-Day Conditions.

Donald H. McGibeny, novelist and traveler, comes with a broad background of experience to lecture at the

D. H. MCGIBENY.

Redpath Chautauqua on "The Modern Unrest."

This lecture is to a great extent a study of bolshevism and what it aims to accomplish.

Mr. McGibeny has given much time to the investigation of bolshevism, not only abroad but in America as well. His experiences in Washington in tracking down the national society of anarchists revealed important events of present-day history.

Besides being a lecturer of unusual ability, Mr. McGibeny has also received marked recognition as a writer. The Ladies' Home Journal is carrying each month a story by him, illustrated in color, and a new McGibeny novel, "Bullet Proof," has just been published.

PLEASANT HILL

Miss Sue Forbes spent the week-end with relatives and friends at Brookstown.

Mr. John McKinney is remodeling his house.

Mrs. B. H. Stevens is home from a trip to Estill.

Farmers here are taking advantage of this fine weather and rushing the corn planting.

Miss Eva Minter is attending the Normal School in Richmond.

Pleasant Hill residents are anxiously awaiting the completion of the new school building.

How Much Better My Kelvinator  
Is Than Ice!

## Kelvinator

Refrigerates Without Ice

Once free of the ice man Kelvinator users soon start to compare the inherent superiority of Kelvinator Refrigerators with that formerly supplied by ice or by other method. And these are the things they discover:

BECAUSE there is no melting ice to contend with, there are no drip pans to empty, no drain pipes to keep clean, and no dampness to make foods soggy or to gradually rot out the refrigerator.

BECAUSE Kelvinator supplies dry air refrigeration there is no transfer of flavor from one food to another. Butter may be kept in the same compartment with onions without becoming tainted.

BECAUSE the temperature is always at a steady refrigerating value, below the point of germ activity, foods keep longer in a Kelvinator ice box.

BECAUSE Kelvinator is dependent only on electricity for its operation and not upon a combination of electricity and water, it is unaffected by interruptions of the local water supply of plumbing troubles.

These superior features combined with the fact that Kelvinator furnishes cubes of pure ice for table use, makes it the ideal refrigeration for the well-appointed home.

Kelvinator has been tested and endorsed by the New York Tribune Institute Laboratories. This approval by scientific authority plus our own Guarantee Bond and our Service Organization is your assurance of uninterrupted refrigeration.

Elmer Cooper, who recently suffered the loss of an arm as a result of a shot gun accident is recovering and will, it is believed, soon be able to leave the hospital.

Mrs. Frank Barbee, mother of 12 children, 11 of whom are living died at her home at Carlisle, after an extended illness. She was a well known woman in that part of the state.

### MANY VETERANS AT LOUISVILLE

Although it is the annual meeting of the Grand Army of the Republic, there are hundreds of veterans of various wars in attendance at Louisville. This invitation to veterans of all wars was announced some time ago and was the cause of swelling the attendance.

Vice Commander M. H. Davidson, of Louisville, was elevated to Department Commander. He has been an ardent worker for years, his work having extended throughout the state.

Andrew Offutt, of Lebanon, retiring Commander, opened the meeting with an address of welcome. The initial sessions were devoted to the reading of reports of officers and committees. The meeting will close tonight with a session open to the public.

Mr. T. S. Moberly has returned from a ten days stay at French Lick Springs.

### BOY IS SCIENTIFIC MARVEL

Federal department of justice agents are making a country-wide search for Harold C. Sever, Harvard's "boy scientific marvel," who recently perfected a new receiving set for wireless. The youth served in the Harvard radio school and saw active sea service. He left his home in Valparaiso, Ind., for Chicago to exhibit his invention to a Chicago firm. He never reached Chicago and to date private detectives, railroad police and federal agents have not found a single trace of the "wireless wizard."

It is believed by some authorities that his disappearance is due to being waylaid by secret agents of foreign powers eager to secure the invention which he had with him when he started to Chicago.

### CRIPPLED TOMMIES GET JOBS

9,500 Firms in London Give Employment to Men Disabled in World War.

London.—Since the inauguration of the national scheme for the employment of disabled men last September 9,500 firms have given necessary undertaking to employ an agreed percentage of disabled men on their staffs.

The quota is generally 5 per cent and employment has been guaranteed for 97,000. There are still 40,000 disabled men waiting for work and the hospitals have many more to discharge.

Men who have lost a leg are working as clerks, cabinet-makers, toy makers, weavers, etc., and men with only one arm are acting as messengers, watchmen, postmen, inspectors and teachers.

### U. S. BOARD HAS 1,387 SHIPS

Director of Operations Says 40 Trade Routes Are Being Served From 18 Ports.

New York.—The United States shipping board has 1,387 steamships totaling more than 8,300,000 deadweight tons, of which 1,179 were in actual operation February 1, it was made known here by the director of operations, John Cushing.

These ships are being operated from 18 American ports and are serving 40 trade routes, virtually one-half of the tonnage being assigned to northern European trade. Transatlantic trade has approximately 14 per cent of the ships, and South American and West Indian Caribbean service 21 per cent; New York has 36 regular shipping lines.

### ITALY WANTS OUR TOURISTS

Government Making Plans to Make Travel Attractive to Americans.

Washington.—The Italian government, according to advices to the department of commerce, is overlooking nothing in its plans for smoothing the way for prospective American tourists. A big influx of American sight-seers, it is held, would go far toward rectifying the present exchange difficulty and, because of the premium on the dollar, Americans would find prices in Italy but a little higher than before the war.

New hotels are planned for various sections and official attention is being given to train schedules.

### California Oak Tree 35 Feet in Diameter

San Bernardino, Cal.—George F. Robb of Del Rosa has announced his discovery in the San Bernardino mountains of an oak tree which he says is the largest in California. It is near Crestline. He says it measured 35 feet in diameter, or seven more than one near Chico, Cal., that recently was proclaimed the largest in the state.

Miss Mayme Hunter and Mrs. Roy Mason were shopping in Lexington Tuesday.

### COMMENCEMENT AT EASTERN NORMAL

Developments in the commencement program at Eastern Normal continue and the week's festivities will be out of the ordinary in point of interest, if the opinion of the faculty counts. There has been an extensive list of affairs, all enjoyable, from the beginning to the end of the week, and unusual plans are being made by those in attendance. Dr. M. B. Adams, of Georgetown, will deliver the baccalaureate address on Sunday evening, June 6, after which the line of entertainment will continue until the close of the alumni banquet Friday night. The instructors in the various departments are making ready and the students who are to figure in the various events are preparing for their respective parts and everything points toward a very successful and enjoyable time. Rehearsals are going on now for some of the features of the week which will add to its brilliancy.

Most children have worms, sometimes. Symptoms are lack of color, peevishness, restlessness at night, etc.

**Dr. Thacher's Worm Syrup** will go after and get the worms, if worms are there. Harmless; children love it. Old doctor's prescription in use half a century. At your drug store. Made by TEACHER MEDICINE CO. Chattanooga, Tenn., U. S. A.

## In Kansas Of Course

(By Associated Press)  
Hutchinson, Kan., May 27.—Electrical eccentricities occurring in western Kansas on the heels of a severe dust storm have been investigated by S. D. Flora, state meteorologist. It was reported that:

Barbed wire fences became charged and one, in an authenticated instance, set fire to dry grass and caused a prairie fire.

A dog chained to a wire clothes line set up a prolonged howling and when its master tried to un-snap the chain he got such a shock as to reveal unmistakably the cause of the canine's woe.

Balls of fire, according to cattlemen, formed on the tips of the cattle's horns. A Cheyenne county ranchman reported driving a bunch of cattle through the storm at night with the cattle furnishing a continuous display.

## Kentucky Whisky Drawn

(By Associated Press)  
Louisville, Ky., May 27.—One million gallons of whisky have been withdrawn from Kentucky bonded warehouses since middle of January. Figures on withdrawals were introduced in federal court here in a trial to test the validity of a Kentucky law levying a tax of fifty cents a gallon on liquor. Law requires that withdrawals be for medical purposes only. Kentucky bonded warehouses last December held approximately 39,000,000 gallons.

Dockets just brought to light in Germany prove that the high officials did not believe the U. S. would assist them in the way, except to furnish foodstuffs to her enemies. "We will fix them all right," said Von Hindenburg, according to dispatches.

## APPEARANCE OF FAIR BATHING MAID

The fair bathing maid is already to be seen at Boonesboro Beach—no use to go to Florida or Atlantic City, for they are right here, and the beach, since the advent of favorable weather, is becoming the mecca for those desiring a plunge. Last Sunday recorded the first aggregation in any great number, and it is expected that the attendance will increase continually, since the cottages are rapidly filling up, one family coming in from Canada to enjoy the pleasures of a Kentucky summer resort. There is a demand for cottages from persons living far and near. The season, although little late in beginning, promises to be out of the ordinary in points of attendance and interest, at the beach. Wednesday afternoon a bevy of pretty girls from Richmond, hied away to the beach and enjoyed their first out-of-doors plunge for the season.

## MOVING PICTURES OF BEREA COLLEGE

A group of photographers in the employ of the Red Cross are taking motion pictures of Berea College says the Citizen. A number of the buildings and various industries are being photographed as well as the faculty and student body. A number of other institutions are likewise being taken. The object of the work is to increase interest in education among those who are not now in school.

Commencement at Berea College comes on June 9 this year. It is expected that there will be an unusually large attendance this year. There will be a large number of graduates in the various departments.

Hon Mack Morgan, of Lancaster, was in Berea Monday to attend the banquet of Phi Delta Literary Society.

Leonard Mesce, a former College graduate, who is now county superintendent of Pulaski county, was visiting in Berea last week and attending the Rural Education Conference.

Mr. and Mrs. N. J. Young, of Los Angeles, Cal., have returned home after a few weeks' visit with her father, J. A. Baker, of Wallaceton. Mrs. Young will be remembered as Miss Mary Baker a former student of Berea College.

Mr. and Mrs. T. J. Osborne left Wednesday for Cleveland, O., where they will visit the latter's sister. Mrs. Osborne's mother who is 81 years of age, is on her way to Cleveland. Mr. Osborne will return to Berea after about ten days, but Mrs. Osborne will stay for a more extended visit.

Mrs. J. Vivian Taylor, residing east of the city at the Irvine pike, has as her guest this week, her nephew, Edward Albright, of Broadhead. Mrs. William Yeaden and daughter, Miss Hazel, of Broadhead are guests of the former's uncle, William Edwards, and her grandmother, Mrs. J. J. Edwards this week.

Mrs. Elmer Cosby, who was taken to the Gibson hospital a few days ago, returned home Sunday very much improved.

Mrs. A. H. Wells, Mrs. Virgil Azbill, Mrs. Gibson Powell, and Mrs. Less Taylor, visited Mrs. Bettie Powell and family Friday. Remember the community meeting next Wednesday night, June 2.

### Tobacco Planting Begins

Tobacco planting has really been taken up and many plants are being set in various parts of Madison county. The heavy setting however, has not been taken up since many are waiting a little more development in the plants, as well as more favorable weather, recent rains having rendered lowlands too wet for planting in some localities.

### Brakeman Loses Legs

Lee Cornett, of Ravenna, brakeman on the EK division of the L. & N., had the misfortune to have both of his legs cut off by a freight train. He was taken to the hospital at Hazard near which place the accident occurred. He is known to many here, having formerly been employed on this division of the main line.

This is the time of year to feed ZARING'S MILL FEED

to your cows and sheep. It helps to grow the young and get them ready for grass.

**ZARING'S MILL**

That the new Mexican government will not heed threats of Villa is apparent in dispatches emanating from the southern Republic which are to the effect that plans for settling the governmental affairs are being perfected as rapidly as possible.

## WIRELESS "TALK" IN RICHMOND SOON

With the completion of the wireless station at the Richmond high school, it is expected to be possible to "talk" with the big station at Lexington. If this is successful, it will be the first station in the city able to communicate with that city. It is the intention to secure the remaining required apparatus for the station and have the outfit adjusted and in complete shape for operation within a short time. There are a number of amateur stations about the city under way, but it is not regarded as possible that they will be able to communicate with any out-of-the-city stations. However, it is the intention of a number of school students to maintain a regular service about the city. This project was upon the verge of completion when the government required all local stations discontinued at the beginning of the war.

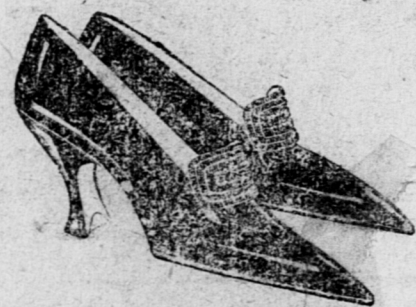

Wildroot keeps my hair healthy

"By using Wildroot regularly, I keep my scalp entirely free from the itching crust of dandruff, the cause of most hair trouble. I owe my luxuriant hair—the envy of my friends—to this guaranteed dandruff remedy."

Wildroot Liquid Shampoo or Wildroot Shampoo Bars, used in connection with Wildroot Hair Tonic, will hasten the treatment.

For sale here under a money-back guarantee

Germany is believed to be on the verge of another political war. There is internal strife, it is said, that threatens to let go any time and plans for self protection are already under way.

### Hair Grown on Bald Head

After being almost totally bald, a New Yorker found something which brought out a new, luxuriant growth of hair of which he is so proud that he will send the information free to anyone who asks for it. Write John H. Brittain, Station F, New York, N. Y. Many women and men have grown hair after all else failed. Cut this out, show others; this is genuine.

Madison Drug Co., B. L. Middleton, H. L. Perry, and Stockton & Son.

Pete Jordan, Lexington, has been arrested charged with stealing his mother's cookstove, which he sold for junk.

The masonry work on the new chimney at the county jail has been completed and the other improvement work will be finished within a short time, much to the satisfaction of the jail attaches, especially.

POTTS Gold Dust Flour makes better bread. Try and be convinced. Ask for it. 57

### Grow Your Hair FREE RECIPE

After being almost totally bald a New York business man grew hair—and now has a prolific growth at age of 66—for which he will send the genuine recipe free on request to any man or woman who wishes to overcome dandruff or gain new hair growth. Or testing box of the preparation, he mailed, with the recipe if you send 10 cts., stamps or silver. His address is John H. Brittain, ST-301, Station F, New York, N. Y.

### FORMER RICHMOND BOY IS PROMOTED

Friends of E. C. Wines, a progressive and hustling young man formerly of this city, will be glad to learn that he has been selected as manager for the Elbre Drug Stores, Inc., at Miami, Fla. The Elbre company is a subsidiary of the United Drug Company and was taken over recently at Miami. The young man from Richmond was one of the most proficient attaches of the Estes Company's store, which became the property of the big corporation, and the selection of Mr. Wines as manager was made by representatives of the purchasing firm who were made aware of the qualifications of the young druggist. The position is an important one, since the establishment is one of the most important in southern points, and in a growing and hustling city. Mr. Wines has been in the south for some time and has been identified with the drug business at Miami since his location in that city. The company has a chain of stores throughout the south and contemplates extending its business in states to the north.

### DREYFUS

Clinton Lunsford, of Ravenna, spent the week-end with home folks here.

Mr. and Mrs. Rollie Ruble spent Sunday with his parents, Mr. and Mrs. Bud Ruble.

Miss Verlie Clark returned home from Rockcastle Sunday.

Mrs. W. B. Lain, who has been ill for some time, is slightly improved.

Miss Jeannette Ruble was the guest of Willie Mae Coyle, Sunday.

Mrs. Icie Gadd and daughter, Ardeania, have gone for a visit with her brother in West Virginia.

Stanley Lake has gone to Ravenna to work.

Brother VanWinkle filled his regular appointment here Saturday evening and Sunday.

Roy Robinson, Morris McNelly and Rollie Rubles were in Richmond to attend the American Legion meeting Saturday.

NOTICE—There will be a meeting of the stockholders of the Madison National Bank Friday, June 11, 1920, for the purpose of voting on changing the articles of incorporation relative to the number of directors to be elected annually. By order of the Board.—Robt. R. Burnam, Cashier. 122 5

## No More Corn Suffering

"Gets-It" Never Leaves a Corn On Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Gets-It" lands thereon. It is through, and "for keeps."

Corns and "Gets-It" Can't Live Together

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you lift it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Gets-It" to be the one and only unfailing, common sense corn remover. Why not you?

"Gets-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfd. by E. Lawrence & Co., Chicago.

Sold in Richmond and recommended as the world's best corn remedy by Stockton & Son, H. L. Perry & Son.

### Heavy Livestock Shipments

Robert Brandenburg, of the firm of Benton & Brandenburg, shippers of livestock, reports that there has been a decided impetus recently in the sale and shipping of livestock from Richmond. His very recent shipments show seven car loads of hogs, two of sheep, one of cattle and one car load of calves. Indications point to a busy season in this line.

### News Of Circuit Court

The Hill damage case occupied the attention of Judge Shackelford in the circuit court Thursday and this, together with the threshing out of a number of civil cases will close up most of the week's work.

Raymond Munday, charged with seduction, disappeared, forfeiting his bond, the case having been booked for a hearing yesterday.

## Satisfied Customers

Is the way we leave our customers when we sell their property. We have almost sold all the property listed with us. If you have any, let us get together.
